Fifty-Seven Men Leave for Monterey

Fifty-seven draftees from the Daly City Draft Board No. 103, including seventeen from Daly City and six from Colma, answered their first reveille call as members of the armed forces, this morning, at the Monterey presidio.

The 57-man contingent arrived at the reception center, last night, having left from San Francisco's Southern Pacific depot yesterday afternoon. Led by Acting Corporal Joseph C. Lynch, son of Dr. W. C. Lynch, 101 Wellington avenue, the group represents the accepted selectee-soldiers from a contingent sent for physical examinations in San Francisco, last week. Young Lynch was placed in charge of the men until they were assigned to barracks at Monterey. His assistants were Earl Ralston, 550 Templeton avenue; and Arthur Lindgren, a transfer.

Besides the 23 men from Daly City-Colma area, the unit was composed of draftees from South San Francisco, Bayshore, Brisbane, Rockaway Beach, Sharp Park, San Bruno, and part of San Francisco. It also included a few transfers.

Daly City youths who reported for duty were: Acting Corporal Lynch; Harold C. Crowder, 2773 San Jose avenue; William Lekoff; Nick Susoeff, 138 Moltke street; Earl Ralston, 550 Templeton avenue; Joseph Capurro, 150 Moltke

Permit Forty-Four To Buy Tires, Tubes

Forty-four permits to buy tires and tubes were issued to Daly City and Colma motorists during the month of November, according to reports released by the War Price and Rationing Board No. 31-3, last week.

Long hours of passing on applications for supplemental gasoline each day throughout December took up most of the board's time, and the delay in getting tire and tube lists for November compiled was a representative indication of the work done there during the first month of gasoline rationing. Although lists were made up pre-

CARRY TWO CARDS

All Daly City men between 18 and 38 years of age, who have been registered with Daly City Draft Board No. 103 for six months or more and who do not have their classification cards, should contact the draft board at once.

State selective service headquarters announced that on or after February 1, every man in this group must have his registration certificate (D. S. S. Form 2) and his classification card (D. S. S. Form 57) in his possession, or face imprisonment or fine, or both.

Cattori Warns Against Hoarding

With new ration books now in Daly City, ready to be issued at Daly City grammar schools, and the approach of the national rationing of 200 canned foods, next month, a warning note to Daly City people against food hoarding was sounded, this week, by Claude Cattori, vice-chairman of War Price and Rationing Board No. 31-3.

Cattori, retired bank manager in Colma and member of the rationing board for the past three months, was recently appointed as vice-chairman by Monsignor Egisto Tozzi, chairman of the twelve-person board that serves South San Francisco, Daly City, Colma, Brisbane, Sharp Park, and other communities in Northern San Mateo county.

Another important announcement to Daly City and Colma people, this week, deals with new restrictions placed on the deputy board meeting hours. Although OPA restrictions call for discontinuing the deputy boards, local members were approved as distribution officers. However, the board will meet now at the Jefferson Annex school on Saturday mornings only.

Purchase of the canned foods to be rationed will be frozen for one week prior to the date the

Calendar Conscious

Daly City housewives and car owners became more and more conscious of the calendar, this week, as new O. P. A. deadlines were announced.

Important rationing dates are listed below:

COFFEE

January 4 — Coupon number 28 became valid. It will be good for 1 pound of coffee and valid until February 8.

SUGAR

January 31—Coupon Number 10 in War Ration Book One is good for 3 pounds of sugar through this date.

MILEAGE—GASOLINE AND TIRES

January 21—Last day for using Number 3 Coupon in "A" coupon books. Number 4 coupons become valid January 22.

January 31—Last day that temporary "T" coupons will be issued directly by rationing boards. Beginning February 1, "T" rations will be issued on the basis of ODT Certificates of War Necessity.

February 28—Holders of "B" and "C" stickers must have tires inspected by this date.

March 31—Holders of "A" stickers must have tires inspected by this date.

"X-Signs" Eliminate Those Dimout Alibis

X marks the spot! Motorists driving through Daly City with bright headlights on were warned today by Police Chief James G. Reardon that the new four foot luminous "X-signs" painted on all streets entering the city on both sides, can be seen plainly, and if the sign next to them reading "Dim Out" is not heeded, they will be tagged.

The new "X-signs" are four foot wide and have been placed in traffic lanes next to the dimout signs to aid the motorist in seeing the signs. There are "X-signs" at each dimout sign, and they are plainly visible at night, having been made luminous by beaded glass which reflects the glow of headlights on the approaching car.

Completed, this week, the signs were installed after complaints from dimout violators that signs could not be seen. However, the luminous "X-signs" naturally direct the motorist's eye to the dimout sign alongside them.

They have been placed at the north and south ends of Mission street in the city limits, the north and south ends of Junipero Serra boulevard, Hillside boulevard, and San Jose avenue near the county line.

Civilian Defense Council Orders First Of Series Of Three Sectional Tests

ASK FOR KNIVES

The national drive for knives for our armed forces began, this week, in Daly City, as Arthur J. Bodien, chairman of the Civilian Defense council, asked everyone to donate their knives to some American service man by bringing them to civilian defense headquarters in the city hall, 75 Wellington avenue.

Knives for cutting thick underbrush on island outposts in the Pacific are badly needed by American marines and soldiers stationed there. The help of every Daly City citizen was asked. The Civilian Defense council is sponsoring the drive.

The knives should have a blade of not less than 8 inches in length and longer if possible. When you donate them at the city hall, you will be given a receipt.

Are Your Tin Cans In There Fighting?

More bullets and bombs will be in the making soon to blast the Axis with Daly City compliments because Jefferson grammar schools, local tin salvage depots, enjoyed the largest tin collection to date, Tuesday. Over two tons of tin cans were shipped to the South San Francisco detinning plant, R. L. Crane jr., local salvage chairman, said.

Grammar school children collect the tin cans from the kitchens of Daly City housewives, and all householders are urged to save their cans for the "tin soldiers."

As a move to bolster the tin can collections in the district, Crane set up the program on a competitive scale last week with upper grades vieing against lower grades in each school. Competition was keen in all schools, with the upper grades having the edge. Two primary schools in the district, however, produced victories for the lower grades when the first and second grades of Thornton and Woodrow primaries collected more than their third and

January 28 Is Date For Crocker Tract

Civilian defense volunteers and equipment in the Crocker tract will be tested, Thursday, January 28, in an air raid drill, the first of a series of three sectional drills for Daly City ordered by the Civilian Defense Council, it was announced, yesterday, by Arthur J. Bodien, director.

"The drill next Thursday will take in the first ten sectors," Bodien said, "and all the volunteers and equipment in those sectors will be called out. We expect to have plenty of incidents, and we want to have a good drill.'

The test in the Crocker tract will be followed on Thursday, February 4, by an air raid drill for sectors 10 to 23, and the last of the series will be held on Thursday, February 11, for sectors 23 to 26. On the week following the Crocker drill, the one in sectors 10 to 23 will include the largest area of the three, taking in most of the Mission street business district on the Daly City side, nearly all the west side, and the sectors off Hillside boulevard.

The third drill will be for volunteers in Garden Village and the residential area on both sides of Junipero Serra boulevard.

All of the drills will give Daly City volunteers a chance to get the kinks out of their gas masks and get their helmets back on after nearly three months without action. The last air raid drill here was early in November when an inspection team from the regional OCD came to Daly City.

Incidents in the three drills will probably be planned by Captain A. L. Sundstrom, control board head of the Daly City Fire department, Bodien said. Sundstrom took over the fire dispatcher's job at the control board when Fire Chief A. P. Chesney elected to stay in the "field" or on the scenes.

A control board drill was held, last week, for heads of services, telephone operators, messengers, and chart spotters.

Richard Bolger Joins Marine Paratroopers

Among the first of Daly City service men to go into the Marines' newest offensive combat unit, Private Richard G. Bolger is now in training with the United States Marines parachute troops at Gillespie field, San Diego, according to a letter received here, Monday, by his parents.

Private Bolger is the son of Mr. and Mrs. William P. Bolger, 43 Risel street. Bolger is desk sergeant for the Daly City Police department. Richard is well known to the young people of Daly City, having been educated

Grammar Schools Will Graduate 62

Sixty-two eighth grade pupils in the Jefferson Elementary School district will be graduated from grammar school during afternoon exercises at the Jefferson Union high school auditorium, Sunday, January 31.

R. L. Crane jr., superintendent of the district, said that the afternoon program had again been selected because of dimout regulations and a possible blackout, eliminating the necessity of children being out at night. Exercises will begin at 2 p. m.

A program consisting chiefly of musical numbers will be presented by the graduates, assisted by the glee club. This will be followed by the presentation of diplomas and awards. As in previous graduation exercises, scholarship awards will be given by Daly City Post 410, American Legion, Daly City Unit No. 410; American Legion auxiliary, and Crocker, Woodrow Wilson and Colma P. T. A. units.

Fire Is No Joke!

And Men Who Fight It Deserve Consideration

Fifty per cent of the fire alarms turned in during the year, 1942, in Daly City were false alarms, according to the annual report of the fire alarm system of the Daly City Fire department.

Besides that, three of the five alarms turned in already this year were false alarms. This fact is not a very bright reflection on the citizenry of Daly City. The time for practical joking has long past, with the country at war, warns Fire Chief A. P. Chesney.

"This is getting to be a very serious matter," said Chief Chesney. "The officers of the department have tried very hard to prevent un-necessary calls on the horns and sirens since we went into the war.

"There are a lot of mothers and wives who have loved ones at the front and who are nervous as it is, without frightening them by having un-necessary alarms coming over the horn system."

The Daly City Fire department can boast of an efficiency unsurpassed as has been proven in the past, and all of Chief Chesney's warnings to false alarm setters are certainly justified. Two recent restaurant fires in Daly City's business district could have very easily turned into major fires with thousands of dollars worth of damage to surrounding buildings were it not for the quick work of Daly City's fire department. It is neither fair to the men who answer these calls nor the residents of the community to have false alarms turned in, regardless of peace or war time.

Daly City's firemen are volunteers who serve this community faithfully and well. The very least the rest of us can do is to curb the turning in of false alarms.

Statistics show that there are eight firemen killed answering a false alarm to one killed at an actual fire. These are figures of the International Fire Chiefs association.

Severe penalty can be inflicted upon anyone merely tampering with a fire box, and Daly City authorities promise that they are cracking down on false alarm setters.

Following is Section 625a of the California penal code:

"Any person who willfully and maliciously tampers with, molests, injures, or breaks any fire alarm apparatus, wire or signal, or willfully or maliciously sends, gives, transmits, or sounds any false alarm of fire by means of any public fire alarm system or signal, is punishable by imprisonment in the county jail not exceeding one year, or by a fine not

It's "Springtime In The Rockies"

That Spring is the time and the Rockies the place for everything melodious, romantic and gay is the merry message of "Springtime in the Rockies," the lively new 20th Century-Fox musical in Technicolor which brings Betty Grable, John Payne, Carmen Miranda and a bountiful musical comedy cast to the screen of the Daly City theatre.

Bracing as a mountain breeze, it's the type of cinema divertissement that wraps itself around your heart and then won't let go. There is mile-high fun, when Betty Grable, Payne, combustible Carmen and Cesar Romero get their romantic signals mixed. And there is rhythm calculated to rock the Rockies themselves, when Harry James and His Music Makers set to mellow melody the exhilarating splendor of Canada's Lake Louise which serves, for the most part, as the film's locale.

James and his celebrated aggregation offer intriguing arrangements of four rich new tunes by the composing team that never seems to miss, Mack Gordon and Harry Warren. The tunes, even now crowding the top of the hit parades, are "I Had the Craziest Dream," "Pan Americana Jubilee," "Run, Little Raindrop, Run" and "A Poem Set to Music." Altogether ingratiating, too, is the chanting of the band's popular vocalist, Helen Forrest.

On hand to augment the stars are Charlotte Greenwood, the hinge-legged comedienne; Edward Everett Horton, Frank Orth and Jackie Gleason. Romance is rife when Miss Greenwood, admittediy desperate, draws a bead on hilarious Horton.

Betty Grable rarely has danced or cavorted with more aplomb and, with Technicolor revealing the roses in her cheeks and a sparkle in her eyes, she is a dreamy vision, indeed.

LOOK WHO'S AT THE DALY CITY!

Betty Grable and Carmen Miranda prove anew that romance and rhythm know no national boundaries. The senoritas are starred with John Payne, Cesar Romero and Harry James and His Music Makers in 20th Century-Fox's merry, melodious Technicolor musical, "Springtime in the Rockies," now at the Daly City theatre. A top featured cast geared for laughs is headed by Charlotte Greenwood and Edward Everett Horton.

in Daly City schools.

Enlisting in the Marine corps several weeks ago, Private Bolger recently completed basic training. Two rigid physical examinations were passed before he was allowed to enter the paratroops, and the letter to his parents postmarked Friday told of his passing the final test and beginning the six weeks training course.

Young Bolger graduated from Jefferson Union high school in 1940, and entered San Francisco State college, where he studied for a year and a half. He later studied at San Francisco junior college until his enlistment in the Marine corps.

RATIONING

(Continued from Page 1)

rationing program goes into effect. Not only violating the tenets of good citizenship and leading to serious consequences, hoarding will result in no particular gain to food buyers, since excess stocks of rationed goods will have to be declared when applicants get ration books at the grammar schools. An equivalent number of food stamps to the amount of excess canned goods will be extracted from the ration books anyway. Severe penalties await those who fail to tell how much stock they have.

"But such penalties are meaningless if, through hoarding, supplies are withheld from the armed forces," Cattori said.

In charge of local registration and distribution of War Ration Book No. 2 is R. L. Crane jr., superintendent of the Jefferson Elementary School district. Although no dates have been set, Crane announced that the books will be given out at Crocker school, 649 Bellevue avenue; Woodrow Wilson school, 43 Miriam street; and Jefferson school, 14 Alemany street.

AUDIT BOOKS

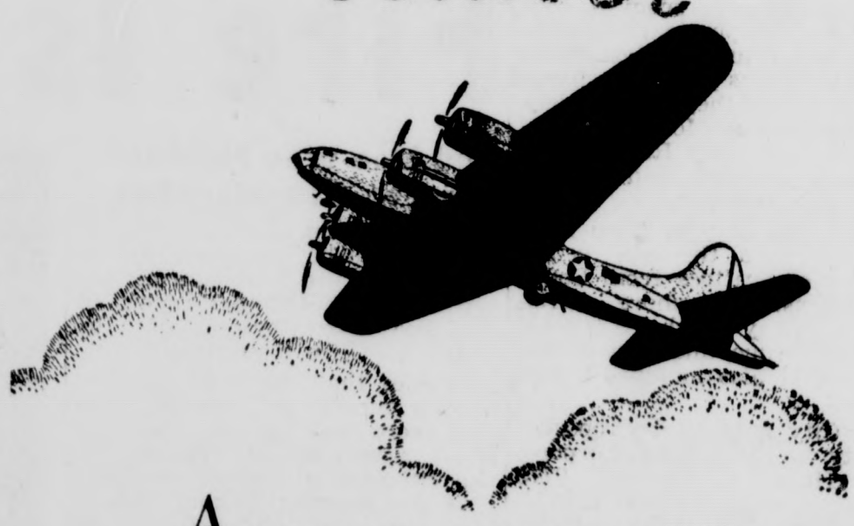
TWO MILES OF COPPER WIRE FOR ~~TELEPHONE LINES~~

this bomber



America needs bombers by the thousands and bombers need copper wire—about two miles of it to a plane. All critical materials like copper must go for war weapons—they are no longer available for new telephone equipment—bombers and tanks and ships and guns and shells come first.

And war calls come first on the telephone lines! Just to build one bomber takes about 12,000 telephone calls. Building thousands of planes, hundreds of ships . . . moving men and supplies . . . causes a flood of calls on the existing telephone lines that is the greatest in history.

To keep the lines open for war calls, we need your help. To war-busy centers, please make only calls that are *essential*.

Your understanding and your assistance are deeply appreciated.

FARMERS MUST GET PERMIT TO SLAUGHTER

To keep the fighting forces of America and her allies supplied with meat, a sharp warning was issued, today, to farmers in the Daly City-Colma area against slaughtering and delivering animals to anyone without OPA sanction.

In warning farmers here, War Price and Rationing Board No. 31-3 in South San Francisco informed them that records of all slaughters for delivery to others must be kept and be available to inspectors of the OPA. Every person, who slaughters and delivers to others animals listed in the OPA meat restrictions order of October 1, is subject to the restrictions of the order and to its penalties in case of violation. Animals covered are cattle, calves, sheep, lambs, and hogs.

This order does NOT apply to farmers slaughtering to obtain meat for their own use.

Penalty for violations is a fine up to $10,000, or ten years in jail, or both.

Local Members To Take Part In Regimental Review

Event To Be Held At S. F. Armory, Jan. 27

Major Maurice H. Auerbach, in command of the Seventeenth Regiment, California State Militia, with the assistance of his staff, has spent many hours perfecting plans for the biggest event in the history of this prominent Defense organization.

On Wednesday, January 27, at 7:30 p. m. at the Armory, Fourteenth and Mission streets, San Francisco, (please come early for choice seats) there will be held the Regimental Review. The main event will be the presentation of the Regimental Flag to the regiment and in turn to the Color company. During these ceremonies the St. Mary's Chinese Girls Musical Drum and Drill corps will perform, also the Chinese Glee club, and there will be the Dragon Dance, in token of Good Luck for the Flag.

The Regimental Flag is being donated by E. Young, prominent merchant, and citizen of Chinese ancestry, and in the honor of this event a large number of officials of the Chinese Six Companies will be present.

If the affairs of the State permit, Governor Earl Warren will also attend this festive occasion. "Remember: no admission charges, the whole spectacle is free, so that the California State Militia can proudly show its progress to its fellow citizens of Daly City and San Francisco," leaders stated.

Daly City Company B will take part in the ceremonial marches and also in the special performances.

The scope of this Defense organization is now being widened, and it would like many more volunteer members.

In Daly City, Company B met for the first time in its own town, Monday, January 11. Several new members were signed up, and Lieutenant George C. Gates announced that in the future meetings, drills and social functions would be held in Daly City. Sergeant Lloyd Harris told about the availability of the rifle range of the Pacific Rod and Gun club to members of the C. S. M.

In the past the once-a-week training meetings were held at the Armory in San Francisco. The present arrangement not only saves the members gas, but also time.

To be effective in case of alarm several hundred more members are needed, men between 18 and 64 years old, in fair physical condition (no examination).

For further information Daly City prospects should contact Lieutenant George C. Gates, 190 Wilson street, Daly City, or Lieutenant John Stoob, 1819 San Jose avenue, San Francisco, or Sergeant Lloyd M. Harris, 706 Templeton, Daly City, Elkridge 1583.

Melford Battye, worthy president, announces the aerie has 45 new members, just fifteen short of their quota.

Regular meeting will be held this evening at 8:15 p. m. with the main order of business being initiation. Names of the new members will be announced next week.

At the close of the meeting refreshments will be served. Glen Wilkes, conductor, will be in charge.

Biggest social of the year, Old Timer's Night, is scheduled for Thursday evening, February 18.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

BENEFIT WHIST

Daughters of Israel reminded the public of their benefit whist, this evening. This is the group's regular monthly party.

The ladies announce it will be a "no host" whist with all members in charge. Cash first and second prizes, along with many other lovely awards, will be given.

Playing is scheduled to start at 8:30 p. m., at 67 Los Banos avenue.

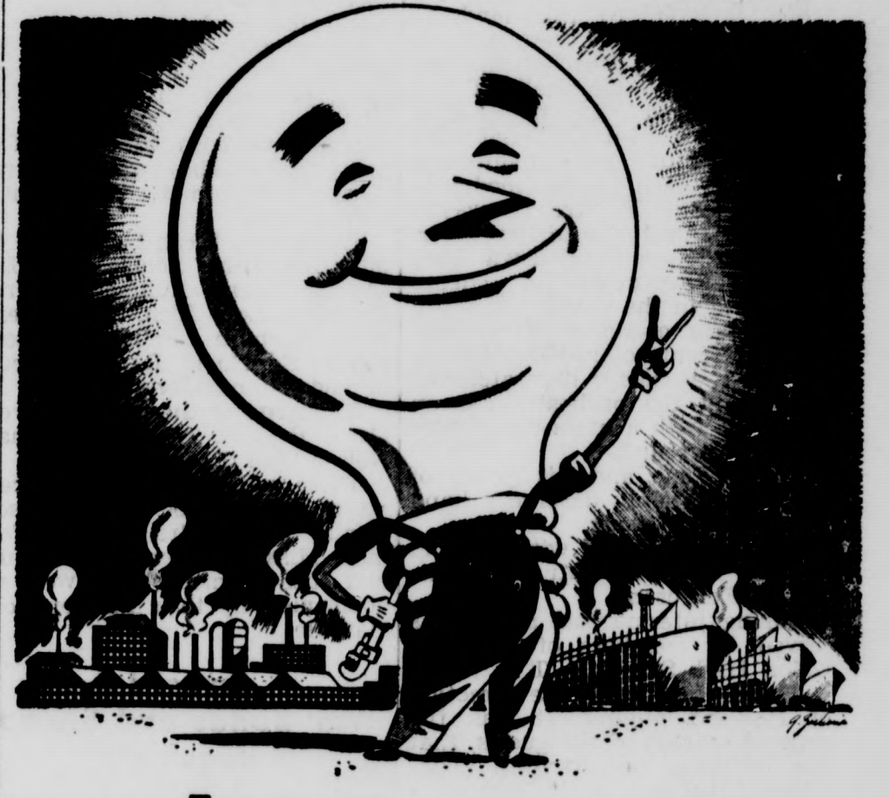
LIGHT
AS A WAR WORKER!



Adequate light and normal eyesight are essential tools in war production work today.

When war came, it brought a challenge to the lamp makers. With industries operating on a 24-hour daily schedule, lamp production had to be stepped up. And this had to be done without draining metals, materials and manpower needed elsewhere.

The lamp makers promptly went into war economies. They substituted ingenuity for scarcity.

And they have met completely and competently the production challenge of increased output presented by the war industries' demands.

As a result of these steps, light is not their only contribution to America's cause. Tons of vital metals were conserved. Solder, which is 50% tin, is now made of lead and silver. Lamp parts previously made of solid copper, nickel and brass, are now made of iron and steel, plated with copper, brass or nickel.

This is a story not only of industrial achievement but of earnest, carefully-planned patriotic cooperation in the war effort.

A glimpse into fairy-land, is the best way to describe the senior ball. Glittering stars hung down from a low ceiling made of cheese cloth, and in the center of the room hung a giant mirror ball with different colored lights shining on it. Reindeer decorated the walls, and the orchestra sat on the stage with a huge 6 foot tree as a background.

How to "PREPARE" Tin Cans for War Duty

UNCLE SAM NEEDS YOUR TIN!

FROM CANS TO CANNON!

Every bit of tin that you can save is needed by Uncle Sam for machine gun mounts, for hand grenades, bombers and destroyers! Enough tin can be collected in our community to provide the metal needed for a destroyer! Don't be a waster—be a waste-warden, and save tin cans! You will also help save time if you prepare the cans correctly, according to the diagram above. When you have a box of PROPERLY PREPARED tins ready, take or send them to your nearest grammar school. Daly City grammar school pupils are acting as collectors, but if none contacts you, you can take the tins directly to the school.

Bonus meats in the menu

There's no need of too much worry about making your meat allowance stretch when there are all those delicious bonus meats that can be had (at least at this writing). I speak of sundry meats such as liver, heart, kidney, pigs' feet and all those extras that don't come in on the meat quota.

As far as nutritional value goes, they have everything that other meats have, and in most cases, more too. Liver, heart, and kidney are right on top of the list when it comes to contributing iron to the diet. They're vitamin foods, too, for they contain vitamins A, B, C, and some D.

If you've built up a psychological resistance toward them, it is most likely because you've probably never tried them. But if you like chicken giblets, then you're bound to like these bonus meats.

MOCK GIBLET NOODLES — Saute small pieces of liver or kidney or precooked heart in hot shortening. Make a sauce out of the pan drippings or use mushroom sauce and add meat and sauce to hot noodles. Don't pass judgment on sundries until you've tried this dish.

SPANISH KIDNEY—Remove white centers and tubes of kidneys, slice into thin slices, brown quickly in hot shortening along with chopped onion. Cover with tomato sauce or canned tomatoes and steam for about 15 minutes. Serve with rice or spaghetti.

BAKED LIVER CASSEROLE -- Place liver slices in a greased casserole, top with sliced, tart apples and sliced onion, season to taste. Add bacon drippings or other meat drippings if you have them, and bake in moderate oven (350°F.) for about 1½ hours or until liver is tender. Remove cover during the last 10 minutes.

BAKED HEART—Wash heart, remove arteries and veins. Simmer slowly in water until tender, adding 1 tsp. salt for each quart of water when half done. Allow about 2 hours for calf, lamb, and pork hearts and about 3 to 3½ hours for beef hearts. Stuff precooked heart with your favorite dressing, and bake in a moderate oven (350°F.) for about 30 minutes or until hearts are well browned.

LIVER BURGERS—Grind uncooked liver, using the coarse knife of the grinder, add about ⅓ as much bread crumbs, chopped onions and seasonings to taste. Add enough beaten egg or evaporated milk to bind mixture, shape into patties and fry quickly. Grand with whole kernel corn.

Dusolina Giannini To Appear Jan. 24

Dusolina Giannini, the American soprano prima donna with the foreign sounding name, comes to the Curran theatre on the Sunday afternoon series of the San Francisco Opera association, January 24.

Giannini got her first great break when Conductor Kurt Schindler, on the recommendation of Madame Sembrich, allowed her to substitute for Anna Case in a big music festival. Due to her instantaneous success, she received offers from far and wide. One of these was from the Metropolitan Opera company, where she is now one of the Met's outstanding artists.

Miss Giannini comes of a musical family. Her father was a brilliant tenor of his time, being associated for years with Adelina Patti. Her mother was a violinist. She has a sister who is a soprano, but who has retired to devote herself to her home, and a brother, Vittorio, a composer of operas and symphonic works. Another brother, Francis, although he is a doctor by profession, is also a talented cellist.

The program for Miss Giannini's concert will include songs by the masters, arias from some of her favorite operas and a group of modern compositions, including one song by her brother Vittorio.

Tickets for the concert are now on sale at Sherman Clay box office, EXbrook 8585.

At The District Grammar Schools

AT CROCKER SCHOOL

Crocker school has entered the "School-at-War" program which was developed by the Treasury department in cooperation with the U. S. Office of Education. The scrapbook, which was the requirement for entrance, submitted by the school, pictorially and graphically explains the war activities engaged in by the school. The visual evidence presented was prepared by the students and is entirely a student activity.

By entering this program, which was open to all schools, Crocker school will receive a "Certificate of Service" signed by the Secretary of Treasury, as well as having its scrapbook on display at the State Schools at War Exhibit.

ROOM 2

Another new pupil recently welcomed to Room 2 was Charles Klouck, formerly of San Francisco.

ROOM 3

Many pupils of Room 3 spent Christmas vacations away from home. Janet Wulf visited an aunt in Redwood City; Mary Montano spent a week in Los Banos; Norma Boscolo went to Pittsburgh for a week.

ROOM 4

Helen Means, with her grandmother, spent several days in Sacramento visiting relatives; Howard McCarten visited in Martinez; Horace Siino celebrated New Year's Day at Pittsburgh.

ROOM 6

In the class in Room 6, Betty Cheli visited relatives in San Jose; Marie Sharp went to San Carlos; Barbara McGovern visited in Petaluma; Alma Becker spent a few days in Corte Madera.

AT PERSHING

The first grade entertained the P. T. A. when school resumed after the holidays. A patriotic program under the direction of their class teacher, Miss Henrietta Engel, was presented to the parents.

Donald Jennings opened the program with an introductory ad-

From camps, barracks, battleships and pup tents; from one end of the earth to the other; from our soldiers, sailors, marines, airmen and coast guardsmen, comes the cry for tasty goodies with that home-kitchen flavor. To those mothers, sisters and sweethearts who have a fighting man away, I submit the following recipes.

Chocolate Chip Honey Cookies

⅓ cup butter or other shortening
½ cup honey
1 egg, well beaten
1¼ cup sifted flour
½ teaspoon salt
½ teaspoon soda
1 package semi-sweet chocolate chips
½ cup chopped nut meats
1 teaspoon vanilla

Cream shortening, add honey gradually and cream together until light and fluffy. Add egg and mix thoroughly. Sift flour once, measure, add salt and soda and sift again. Add flour in two parts and mix well. Add chocolate chips, nuts, and vanilla and mix thoroughly. Drop from teaspoon on greased baking sheet 2-inches apart. Bake in moderate oven (375° F.) 10 to 12 minutes. Makes about four dozen cookies.

Toastaroons

6 cups corn flakes
1 can (14 or 15 ounces) sweetened condensed milk

Combine corn flakes and condensed milk, mixing lightly. Drop from teaspoon on greased baking sheet; flatten slightly, shaping edges with spoon. Bake in slow oven (325° F.) 12 to 15 minutes, or until done. Remove from baking sheet immediately, using knife or spatula. If cookies stick, place pan over very low flame for a few seconds. Makes about 40 toastaroons.

Stone Jar Molasses Cookies

3½ cups sifted flour
2 teaspoons double-acting baking powder
1 teaspoon salt
1 teaspoon ginger
1 cup molasses
½ cup butter or other shortening
½ teaspoon soda

Sift flour once, measure, add baking powder, salt, and ginger, and sift again. Heat molasses, remove from fire; add shortening and soda. Add flour gradually, mixing well. Chill until firm enough to roll. Roll very thin on lightly floured board. Cut with floured 2½ inch cutter. Bake on greased baking sheet in moderate oven (350° F.) 10 minutes. Remove from pan carefully. Cool. Store in cooky jar. Makes 3½ dozen cookies.

Brownies

⅔ cup sifted flour
½ teaspoon double-acting baking powder
¼ teaspoon salt
⅓ cup butter or other shortening
2 squares unsweetened chocolate
1 cup sugar
2 eggs, well beaten
½ cup chopped walnut or pecan meats
1 teaspoon vanilla

Sift flour once, measure, add baking powder and salt, and sift again. Melt butter and chocolate over boiling water. Add sugar gradually to eggs, beating thoroughly, then add chocolate mixture and blend. Add flour and mix well, then add nuts and vanilla. Decorate with whole nuts, if desired. Bake in greased pan, 8x8x2 inches, in moderate oven (350° F.) 35 minutes. While still warm, cut in rectangles. Remove from pan and cool on cake rack. Makes 20 brownies.

Date and Almond Brownies

Use recipe above omitting nuts. Add ⅓ cup cut dates and ⅓ cup chopped blanched almonds to batter. Decorate with date halves and whole almonds, if desired. Bake in moderate oven (350° F.) 38 minutes.

NOTE: ½ cup sugar and ½ cup light corn syrup or 1 cup syrup and no sugar may be used. Bake 5 to 10 minutes longer.

Urge Housewives To Turn In Greases

Because the supply of glycerine in the United States, one of the chief ingredients in the manufacture of explosives, grows constantly scarcer, the Daly City Salvage committee made a special plea, this week, to housewives of this community to donate waste fats and greases from their kitchens.

Frypan grease and the fats cut off raw meat (if you get meat at your house) are especially useful, since gycerine is obtained from them. When a pound or more has been saved, strain it through a clean cloth into a tin container, NOT glass. Take it to the meat market. Local markets are paying 3c a pound for waste fats and greases.

In extracting the glycerine, the waste fats and greases are melted in huge vats at the rendering plant, then piped to storage tanks. The fats are then pumped from the tanks to giant soap kettles, an alkali is added and the mixture is boiled. A chemical process causes the solid mass to rise to the top, which ultimately becomes soap, and the liquid part at the bottom of the kettle is the source for glycerine.

Cypress Druids Schedule Whist Party

Regular monthly whist of Cypress Circle No. 14, U. A. O. D., is scheduled for Wednesday, January 27, at 8:30 p. m. The public is cordially invited to attend.

Mrs. Janet Fellman and Mrs. Helen Holcomb, chairmen, announce a cash first prize will be given along with many other lovely awards.

The circle announces that their regular meetings will be held in the evenings again. They had been previously changed to daytime, because of war conditions.

BUILDER OF BEAUTY

San Francisco's "Uncle John" is dead. But if ever a man left behind him a monument which will keep his memory green, bringing joy to the generations that come after, that man is John McLaren who wrested from a desert waste of sand dunes the one thousand verdant acres of Golden Gate park.

Golden Gate park is a monument to man's mastery of nature and to the Scottish gardener's faith in beauty and in people—it was McLaren who refused to allow the customary "Keep Off the Grass" signs. In the lodge of the park which he created, where he was superintendent for 56 years and planted a million trees, "Uncle John" quietly died, last week, just four years short of a century old. All Northern and Central Californias who look to San Francisco as "the city" and to Golden Gate park as "the park" will remember him in peace and honor when next they walk among his flower beds, forests, lakes, waterfalls and pastoral meadows.

"Junior Miss" Starts Engagement At Curran, Jan. 24

Comedy Ran For 500 Performances In N. Y.

With a great laughter provoking record of success behind it, "Junior Miss," the latest comedy hit staged by Max Gordon, producer of "My Sister Eileen," will start an engagement at the Curran theatre, San Francisco, Sunday evening, January 24. Not only is "Junior Miss" presented by the producer of "Eileen," but it was written by the men who dramatized that roaring comedy, Jerome Chodorov and Joseph Fields. It comes after an engagement of over 500 performances in New York.

One of the reasons for the success of "Junior Miss" is that it deals with the daily life of an ordinary family, and every spectator, grown up or adolescent, sees something of himself, his own folks or his friends, in the characters on the stage. In this respect "Junior Miss" is very much like "Life With Father," which also brought home to the audiences the ludicrous aspects of every day family life, although girls are the central juvenile figures in the lively comedy coming to the Curran instead of boys.

Judy, the junior miss of the title (played by blonde, blue-eyed, dimple and demure Lenore Thomas), is a very young lady whose idea of what life really is nas been acquired from the movies; and, therefore, she dramatizes the most innocent situations in terms of what she has seen on the screen. This applies also to her boon companion, "Fuffy," (an irresponsible character acted by Peggy Romano), and between them they almost bring disaster upon Judy's family by deciding from an innocent happening that a "crisis" such as they saw in the picture, "Wife vs. Secretary," is developing in Judy's home. The result is that, in trying in her own impulsive, imaginative way to save her home, Judy almost wrecks it. But not quite. After many harassing and laughable incidents father is vindicated and the family saved.

Lois Wilson and Eddie Nugent, as the sorely beset parents, Eileen Clarence as Judy's snippy elder, boy crazy sister, Harry Ellerbe and Adrienne Marden who furnish the love interest, Loring Smith as a blustering big business tycoon and Renie Riano as an acid tongued maid, round out the principals in the well chosen cast of 22.

fourth grade rivals.

Near bedlam was the result in some of the schools with competition stronger than usual. The good old Yankee spirit was prominent in one youngster, a second grader, who defended his rights to a stray tin can against a larger rival from the fifth grade. He had to persuade the fifth grader with a two-by-four, but reportedly got the can!

Results were as follows: Crocker—Seventh and eighth grades won by a large margin over the fifth and sixth.

Pershing—Third and fourth collected more cans here by about three to one.

Jefferson—Upper grades won in a close race with their lower grade opponents.

Woodrow elementary—This was another close contest but the nod was given to the upper grades.

Thornton—First and second grades collected more than the third and fourth.

Woodrow primary—First and second grades again won out with more cans.

dress, followed by all the children saluting the flag and singing "America." This was followed by a recitation, "I Love My Flag."

The program closed with the children singing "God Bless America." After the program, delicious home-made cookies were served to the pupils. At the close of the meeting, coffee and cake was served to the parents and teachers.

Teachers and pupils of Pershing and Crocker greatly appreciate the hot lunches served daily by the mothers at the cafeteria.

Tin cans are being collected by the children. Many of them use coaster wagons, scooters, and doll buggies to collect the cans.

AT JEFFERSON

First aid classes in the seventh and eighth grades are nearing completion. By the end of this semester a number of students will receive Junior First Aid Certificates.

The first week of the New Year the following names were added to Jefferson's enrollment: Charles Vares, South Dakota, first grade; Phyllis and Bobby Hummel, third and seventh grades respectively, Oklahoma; Patrick Murphy, San Francisco, fifth grade; John and James Vasquez, San Francisco, third and fifth grades in Jefferson.

Two eighth grade students recently moved from Colma. Don Grimes now attends school in Kentfield, Marin county. Eugene Lazzari is enrolled in a South San Francisco school.

On Defense Stamp Day, second graders were proud to announce their day's total of $39.95.

In past years an event of annual importance at Jefferson was the boat ride on San Francisco Bay. Now, because of war conditions this is, of course, not possible, so a treat of a different nature will be substituted. The beautiful and historic film, "Land of Liberty" shown at the Federal building on Treasure Island during the World's Fair will be shown in its entirety to pupils of elementary grades in the near future.

Charge Motorists With Drunk Driving

Two motorists charged with drunken driving were arrested and booked by Daly City police to appear in court, tomorrow afternoon, before Judge William J. Sweeney.

Gerald Patrick Sheehy, San Francisco, was apprehended by Officers Henry Sundermann jr. and Roland Petrocchi when he drove through Mission street safety zones, early Monday morning. When he was taken from the wheel, he was in an intoxicated condition, police said. He was released on payment of $50 bail to appear, tomorrow.

James Beers, San Francisco, with a companion, Starr Clark Plumley, also of San Francisco, was arrested for dimout violation after a short chase by police, Friday night. Officers followed the car from Eastlake avenue to Hillcrest drive. Both men were intoxicated, and the driver, Beers, was booked for drunken driving. Plumley, his passenger, was arrested for disturbing the peace. Bail for Beers was set at $50, and Plumley's was $5. Both will appear tomorrow.

He now has the rate of fire control man third class. He is well remembered in this community where he took post-graduate work at Jefferson Union high school. He enlisted in the service July 28, 1942. He also attended San Mateo jaysee.

P. F. C. J. Castro

News from the Naval air station at San Diego reveals that P. F. C. **J. Castro,** a Daly City man, has just been graduated from the Naval aviation mechanics school at Norman, Oklahoma, and transferred back to California.

Rosenberg Brothers

Bob and Ben Rosenberg, 876 Brunswick street, recently enlisted in the U. S. Army Air Corps. Bob is studying radio operation and mechanics at the army air force technical school in Chicago, while Ben is an aviation cadet at the Santa Ana air base.

Lewis Adams, fiance of Miss Rosalyn Rosenberg, a sister of the two boys, is a first class petty officer in the Navy and is now "somewhere at sea."

Dimout Violators To Appear Friday

Cracking down on motorists who still persist on driving through dimout areas with bright lights on, Daly City Police tagged 150 violators of the wartime law in the past week. They were all instructed to appear before Judge William J. Sweeney in Daly City Police court, tomorrow afternoon at 3:30 p. m.

Change in shifts in the police department accounted for many tags, as the amount did not indicate that there were less dimout violators in previous weeks. Discarding old methods, officers are now on three eight hour shifts with patrolmen working in pairs.

Also, improvements were made in street warning signs when there were many complaints from violators that they could not see the signs. In addition to the "Dim out" signs painted on all highways entering Daly City from both sides, four foot "X-signs" have been painted on the streets, made visible at night by means of beaded glass.
